

The quiet infrastructure of modern medicine.

A wholesale peptide platform supplying licensed clinical practices with pharmaceutical-grade therapeutics.

WHAT WE DO

Mino Peptides is a B2B wholesale platform supplying medical spas, aesthetic practices, longevity clinics, and integrative medicine groups with pharmaceutical-grade peptide compounds. Every compound is sourced from cGMP-compliant manufacturers, third-party verified, and delivered through a cold-chain logistics network.

WHY MINO

SOURCING INTEGRITY

Direct cGMP-compliant manufacturing relationships.
No grey-market intermediaries.

CLINICAL DOCUMENTATION

COA, storage protocol, and clinical reference material with every shipment.

REGULATORY HONESTY

FDA-approved, investigational, and research-only compounds labeled accurately.

Medical spas · Aesthetic practices · Longevity and preventive medicine clinics · Integrative medicine groups · Dermatology adjacencies · Functional neurology and psychiatry · Sports medicine · Enterprise multi-location networks.

Credentialing is typically completed within three to five business days. First orders ship from cold-chain fulfillment within 48 hours of approval. Request credentialing at **hello@mino.life**.
